REFERENCES

T-Mobile Polska S. A. hereby certifies that Compact-Project Sp. z o.o. Sp. k. has been our partner since 1998 under framework agreements. They provide us with services related to acquiring, designing and constructing mobile telephony base transceiver stations (BTS).

So far, Compact-Project Sp. z o.o. Sp. k. has drawn up over 1500 reports on load-carrying capacities of tower structures, over 500 construction plans and specifications of new tower structures including site layout plans, and over 500 plans for upgrading existing BTSs.

Building works related to the construction of mobile telephony BTSs comprise management, supervision, and completion of all works from laying foundations to mounting steel structures on new and existing facilities to working on power installations.

Compact-Project Sp. z o.o. Sp. k. also organized a research project involving an experimental study of the load-carrying capacity of life-size lattice towers (1:1). The results of the project have been effectively used by Compact-Project Sp. z o.o. Sp. k. to draw up reports on the load-carrying capacity and size ranges of tower structures.

For the duration of the cooperation period, Compact-Project Sp. z o.o. Sp. k. has rendered their services as a reliable and quality-oriented partner. The company has delivered their expert reports on time, demonstrating a high level of professionalism and technical expertise. We highly value the quality of communications with the Company's representatives as well as their flexibility and response times.

Compact-Project Sp. z o.o. Sp. k.'s successful track record allows us to recommend them as a reliable and dependable contractor.
